Never Talk To Strangers!!!

Things Little Red Riding Hood and You Should Know

THE STRANGER RULES CHECKLIST

A stranger is anyone you don't know. You can't tell the good guys from the bad guys by how they look. You are responsible for keeping yourself safe when you're by yourself.

You are responsible for taking care of yourself, not of grownups. Adults who need help should go to another adult.

Instinct is nature's way of talking to you - listen to that inner voice.

Four Stranger Rules

The four stranger rules you should always follow when you're not with an adult who is taking care of you are:

- * Stay an arm's reach plus away from strangers. If you feel afraid, stand up, back up and run to someone who can help you.
- * Don't talk to strangers.
- * Don't take anything from strangers - not even your own things.
- * Don't go anywhere with someone you don't know.

A Message For Mom and Dad

Protecting children from abuse and abduction by strangers is a partnership between you and your children. If you teach your children about strangers as positively and clearly as you teach them to cross the street, they will not only have a healthier attitude about the world, they will be safer.
